JET-LUBE

Environmentally Safe Products

If it says Jet-Lube on the label, it exceeds the toughest environmental and performance requirements to date. As environmental standards continue to become more extreme you can count on Jet-Lube to lead the way with products that can protect your equipment and the environment.

ALCO-EP™ ECF™ - A long-lasting, highly water resistant multipurpose grease

BULLSEYE™ - A hydrocarbon-free monitor well compound

ENVIRO-GUARD™ - A metal-free, biodegradable drop pipe lubricant and sealant

ECO-SAFE™ - An extreme-pressure, metal-free drilling compound

Biodegradable • Nontoxic • Environmentally Safe
